

**Process & Design  
Technologies, LLC.**

**SEMINAR SERIES**

GLOBAL PLASTICS SOLUTIONS THROUGH INNOVATION

*In Conjunction with*

AMERICAN TOOL & MOLD

*Are Proud to Offer*

**Molder Friendly Seminar**

**Sept 30th through Oct 2, 2008**

**FREE SEMINAR TOPICS**

**Basic Seminar Topics will cover:**

1. **Mold & Molding Quality Concepts** - How to minimize variation
  2. **Plastic Material Basics**
  3. **Part Design for Moldability**
  4. **Mold Design** for Optimum Performance
  5. **Mold Construction**
  6. **Mold Test & Processing Concepts**
  7. **Piece Part Costing**
  8. **Reducing the Mold Cost**
  9. **Innovation**
  10. **Dealing with Deliveries – Project Management**
  11. **How to measure Performance**
- We will also have a plant tour and some guest speakers to showcase the latest Manufacturing technology.

The seminar is geared to the novice, but we will have some things to share for the experts as well.

**How to increase CPK and guarantee cycle times will be covered, along with cube stack mold concepts with multiple material and colors.**

**ADVANCE SEMINAR TOPICS**

Advanced ½ day presentation (4 hours) October 2nd 2008  
Cost \$495.00 per person \$395.00 advanced registration.

**TITLE:** Advanced Mold Cooling Technologies.  
(Capital Expenditure or Investment?)

**CONTENT:** This advanced and condensed ½ day presentation focus on how a new costing model is necessary to identify true cost and return on your capital investment. *There also will be a Ritemp Mold Cooling demonstration.*

- People who attend this session will receive the following:
- Presentation binder
- What is a second of cycle time worth
- What is the true cost of your mold
- How much more are you willing to pay for a mold that runs 35% faster
- What are companies doing to reduce facilities cost
- What is the cost of energy consumption and how does Ritemp technology reduce consumption.
- How efficient is your facilities cooling system

This presentation is suitable for VP's, CEO's, CFO's who want to gain further insight on how advance cooling technologies can give a bigger return of their capital investment. The presentation focuses on providing solutions and understanding, rather than just pointing out problems.
